

Service Categories

Provisions

Food, Fuel, Hydration

Places that are open to the public during normal operations (and **maybe open** during disruptions), where you can access (for purchase or for free) food, gasoline/propane, and bottled water or other drinks.

Health & Medical

Medications, Healthcare

Places that are open to the public during normal operations (and **maybe open** during disruptions), where you can access over-the-counter medications, prescription medications, or receive treatment for health conditions

Government & Emergencies

Government, shelter & mutual aid

Locations that help the city or county provide services you rely on during **normal operations and during emergencies**. Places open to the public **during emergencies** where you can access emergency supplies like food, medical care, water, or where you can shelter from unsafe conditions.

Institutional Population

Places that are not open to the general public, where **vulnerable members** of the community live or shelter, like nursing homes, homeless shelters, or prisons.

Education & Workforce

Places that support the regular activities of residents - like schools, banks, and major employers or tourist attractions - which may be paused temporarily during emergencies, but must be resumed for the community to **return to normal**.
